Sub: Emphasizing on exercising utmost care by the Scientific and Technical(S&T) staff of CSIR while publishing research outputs- reg.

Sir,

It has come to notice that from a CSIR laboratory, a research paper had been got published in two different journals, due to lack of exercising utmost care and due diligence by its corresponding author in the CSIR lab., which resulted in retraction of the paper from the second journal.

The matter has been viewed seriously by the Competent Authority. Such acts of plagiarism and intellectual impropriety reflect adversely as scientific fraud and bring disrepute to the organization and the government.

It is therefore, mandated by the Competent Authority, that all Scientific and Technical (S&T) staff of CSIR should take utmost care while publishing their research outputs.

Yours faithfully,

(Major Rana Vikram Singh, IRTS)
